FIXED COMBINATION

THE 5TH INTERNATIONAL CONFERENCE ON FIXED COMBINATION IN THE TREATMENT OF HYPERTENSION, DYSLIPIDEMIA AND DIABETES MELLITUS

21-24 NOVEMBER 2013 | BANGKOK, THAILAND

Dear Colleagues,

It is our pleasure to invite you to **The 5th International Conference on Fixed Combination in the Treatment of Hypertension, Dyslipidemia and Diabetes Mellitus**. The event will take place in Bangkok, Thailand on 21-24 November, 2013.

Fixed combination has recently made a comeback as an initial therapy in the treatment of hypertension. The additive or synergistic effect of combination therapy fully lowers blood pressure in patients who tend to have less than full response to one component only. Antihypertensive monotherapy does not address the multifactorial nature of hypertension as a disease with many pathways; using more than one drug makes more therapeutic sense, as combined agents cover more than one etiology.

Importance of anti-diabetic and anti-lipidemic combinations should be emphasized as well: Many patients with diabetes mellitus may also be treated with dual pharmacological therapy as fixed combination: two or more drugs acting on different pathophysiological process is often necessary to reach early and sustained achievement of individualized glycemic targets. At the same time choosing the safest option to avoid hypoglycemia is of paramount importance compared with loose pill, both statin and anti-diabetic combination therapies may also have better adherence, improved satisfaction and lower drug costs.

The conference is intended for experts in the fields of diabetes, hypertension, dyslipidemia, internal medicine, cardiology, endocrinology, nephrology, hyperlipidemia, family medicine, primary care physicians, nurse practitioners and physicians' assistants. All are invited to explore the current and future role of fixed combinations in the treatment of hypertension, dyslipidemia and diabetes.

As the hosting city, Bangkok is as intoxicating as it is diverse; a melting pot of exotic aromas, interesting sights and visual delights. Bangkok bursts with exciting opportunities and will certainly entertain visitors from all origins, either the first time or return traveler.

On behalf of the entire Organizing Committee, we hope you will join us for what promises to be a compelling and stimulating event and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We look forward to welcoming you in Bangkok in November 2013.

Yours Sincerely
